The New York City Department of Correction (DOC) is an integral part of the City's evolving criminal justice system, participating in reform initiatives and strategies aimed to move the City towards a smaller jail system without compromising public safety. The DOC is responsible for maintaining a safe and secure environment for staff, visitors, volunteers and people in our custody. Importantly, safe jails enable DOC to provide people in custody with the tools and opportunities they need to successfully re-enter their communities. The DOC operates facilities and court commands across the five boroughs with more than 10,000 diverse professionals and knowledge experts.

The DOC is seeking a Sheet Metal Worker whose tasks will include but are not limited to the following:

- Installing assemblies, such as flashing, pipes, tubes, heating and air conditioning ducts, furnace casings, rain gutters, and down spouts, in supportive frameworks.
- Selecting gauges and types of sheet metal or non-metallic material, according to product specifications.
- Drilling and punching holes in metal, for screws, bolts and rivets.
- Fastening seams and joints together with welds, bolts, cement, rivets, caulks, metal drive clips, and bonds in order to assemble components into products or to repair sheet metal items.
- Fabricating or altering parts at construction sites, using shears, hammers, punches, and drills.
- Performing other duties/special projects as assigned.

### **Minimum Qual Requirements**

1. Five years of full-time experience as a Sheet Metal Worker; or
2. Three years of such experience as described in "1" above plus sufficient helper or apprentice experience, or relevant education acquired in an approved trade, technical, or vocational high school to make up the equivalent of five years of acceptable experience. Six months of acceptable experience will be credited for each year of helper or apprenticeship experience, or relevant education.
